I would like to recommend Ryan Weiss and Valley Office Systems for your copiers and printers equipment and service needs.

Ryan was very attentive to our need for new copiers and the urgency of putting together a package that would solve our "down" time quickly.

After getting several quotes from various companies, I decided to choose Valley Office Systems (VOS). VOS gave me an amazingly good quote for both the equipment and the service. I particularly like the four hour response guarantee for service. I also am pleased to have the equipment satisfaction guarantee that our copiers will be replaced with a different model or brand of equal or greater value if we are not happy with the models we chose.

It was a pleasure to meet the managers and staff when I went to their office to see the copiers that were proposed. It was a wonderful experience to have the owner of VOS demo the machines for me.

I look forward to a long relationship with Ryan Weiss and Valley Office Systems.
